

Intent of curriculum

Our intent for the curriculum is to underline and promote the vitally important role that Geography plays in understanding how the world works in an increasingly globalised society and economy. Key stage 3 Geography is a journey not just towards further study at GCSE and A level but also to aid our students in their ability to becoming well-rounded adults who can contribute positively in their local and global community. Knowledge, application and skills are at the core of our 21st century curriculum. We will support the pupils to develop the essential employability, enterprise and transferable skills in information technology and data/resource analysis and interpretation through the curriculum content and how it is taught and delivered.

Through the study of Geography we aim to make students:

- demonstrate greater fluency with world knowledge by drawing on increasing breadth and depth of content and contexts
- extend from the familiar and concrete to the unfamiliar and abstract
- make greater sense of the world by organising and connecting information and ideas about people, places, processes and environments
- work with more complex information about the world, including the relevance of people's attitudes, values and beliefs
- increase the range and accuracy of investigative skills, and advancing their ability to select and apply these with increasing independence to geographical enquiry.

5 year roadmap	Autumn Term 1	Autumn Term 2	Spring Term 1	Spring Term 2	Summer Term 1	Summer Term 2
Year 7	What makes a good geographer? (Geographic Skills) Geographic Skills Check-in October	Coasts Coasts Knowledge Check-in December	Development Development Knowledge Check-in February	Energy Energy Knowledge Check-in April	Weather	KS3 Exams June Ecosystems
Year 8	Water Water Assessment October	Changing places Changing places Assessment December	Hazards Hazards Assessment February	Superpowers Superpowers Assessment April	UK Geology	KS3 Exams June Regeneration Regeneration Assessment July
Year 9	Development Dynamics Development Dynamics Assessment October	Development Dynamics: India India Assessment December	Hazardous Earth: Climate and Cyclones Hazardous Earth: Climate and Cyclones Assessment February	Hazardous Earth: Tectonics Hazardous Earth: Tectonics Assessment March	Urbanising World Urbanising World Assessment	Urbanising World: Mumbai Urbanising World Assessment July
Year 10	Urbanising World Urbanising World Assessment October	Urbanising World: Mumbai Urbanising World: Mumbai Assessment November UK Physical Landscapes: Geology	UK Physical Landscapes: Coasts	UK Physical Landscapes: Rivers UK Physical Landscapes Assessment March	Geography Fieldwork Year 10 Mocks Paper 1 May	Geography Fieldwork
Year 11	UK Human Landscapes UK Human Landscapes Assessment October	UK Human Landscapes Year 11 Mocks Paper 2 December	People and the Biosphere Forests Under Threat	Consuming Energy Resources Year 11 Mock Paper 3 March	Revision	

Sixth form roadmap	Autumn Term 1	Autumn Term 2	Spring Term 1	Spring Term 2	Summer Term 1	Summer Term 2
YEAR 12	Carbon fieldwork Physical Geography: Tectonics	Physical Geography: Tectonics Tectonics Assessment November Coasts	Physical Geography: Coasts Coasts Assessment March	Physical Geography: Coasts	Physical Geography: NEA Year 12 Exams May	Physical Geography: NEA
	Prisoners of Geography Human Geography: Globalisation	Human Geography: Globalisation Globalisation Assessment December	Human Geography: Regenerating Places	Human Geography: Regenerating Places Regenerating Places Assessment June	Human Geography: NEA Year 12 Exams May	Human Geography: Superpowers
